Change Order No. 1
Resolution No. 5819-78
Board Order No. 160-78

REQUEST AND JUSTIFICATION FOR CHANGE

1. Necessity for change: While removing the deteriorated pavement on Ewing Street, it was revealed there was a very soft subbase which necessitated undercutting and reinforcing with #2 & #53 stone. This was caused by the poor condition of the pavement and also the old utility trenches that crisscrossed back and forth under pavement.

2. Will proposed change alter size of the project? Yes X No _____
If yes, explain: More monies were needed to cover the necessary excavation item as well as stone item. An additional amount for more asphalt binder was also needed.

3. Affect on operation and maintenance cost of this project: Project was slightly increased over original contract cost.
